

International Conference on Sustainable Aviation Fuels (SAFs) topics in the areas of policy, research and industry

Join **Diamond Aircraft** / **Austro Engine** for an exclusive international conference on SAFs!

Held in their hangar, this event brings together experts from policy, research, and industry to explore the future of SAFs. Get ready for engaging presentations, insightful discussions, and valuable networking opportunities.

The **Advanced Motor Fuels Technology Cooperation Programme (AMF TCP)** of the **International Energy Agency (IEA)** promotes the development and use of advanced motor fuels to reduce CO₂ emissions and improve efficiency in the transport sector.

We look forward to your participation!

Conference Date: Monday, 26th of May, 2025

Time: 09:00 – 16:00

Location: **Austro Engine**,

Ferdinand-Graf-von-Zeppelin-Straße 1 (Hangar), 2700 Wiener Neustadt, Austria

Conference Registration: [Click HERE](#)

Agenda

Time		Title	Speaker
09:00		Welcome Drink/Coffee	
09:30	Policy	Welcome from Austria National SAF activities, the national SAF-Roadmap and TAKE OFF (funding programme Austria) ICAO CORSIA SAF Pathways and their CIs SAF production capacities – status and perspectives Discussion and Q&A (panel of speakers)	Ingrid Kernstock (Austrian Ministry) Ingrid Kernstock (Austrian Ministry) Michael Wang (Argonne, US) Franziska Müller-Langer (DBFZ, GE) Moderation: Jesper Schramm (AMF Chair)
10:40		Coffee Break	
11:10	Industry & Research	Industry: SAF in piston engines for general aviation Industry: Activities on Biofuels and e-SAFs Research SAF: TU Wien Research SAF : TU Graz Discussion and Q&A (panel of speakers)	Felix Zahadrik (CTO AustroEngine) Walter Tesch (OMV) Martin Berens (Stiftungsprofessur; non CO2 effects) Robert Krewinkel (ITTM) Moderation: Jesper Schramm (AMF Chair)
12:15		Lunch	
13:45 – 15:45	Technical excursions	Austro Engine / Diamond Aircraft	Felix Zahadrik (CTO)
